**BREED THEATER.**

The Voice of the Violin, Monster Feature Picture.

The splendid bill of the early part of the week at the Breed theater, which has been a worthy successor to the one provided for the last part. Manager McNulty has secured the great feature picture *The Voice of the Violin* for this week and it is one of the rare beauties as well as great interest. Among the other fine pictures offered are the following: *The Shepherdess*, *Daughter of the Regiment*, *Claret*, *Pocket Policemen*, *Japanese Marie*, *Home at Last*, and the big *Warrior*.  
In addition to the splendid concert song of *Madame Morille's* entitled *The Swallow*, she will sing the very popular illustrated song *Schoolmaster*.  
Mr. Delaney will sing one of the brightest songs hits in the illustrated song world and one that is probably being sung and whistled more than any other song before the public today. It being entitled *Let's Get the Empire's* and it is one of the most full of all the rousing phrases and fervor of the national game.

**OLD STEAMBOAT DOCK**

To Be Abandoned by New England Navigation Company at Bridgeport.

In a few weeks, if the New England Navigation company is able to carry out plans under way, passengers for the night boat will find the Naugatuck dock, which has been at the foot of Union street, after 9 o'clock, so that they will not be obliged to take the long walk through the Pequot street, and at present, says The Bridgeport Telegram.

A slight delay has occurred in the plans of the company for improving the passenger and freight service from Bridgeport, but this is expected to be only temporary, so that inside of a few weeks the old Naugatuck dock will be abandoned and the old ramshackle buildings there will be pulled down, the fine new Pequot dock being used for both freight and passenger service.

Moored at Union Street.  
It is now planned that as soon as the Naugatuck is loaded with freight, the boat back down to the foot of Union street, and there to lie until her departure for New York. It is expected that this will be done about 9 o'clock each night. The "clean-up" freight steamer Pequot will, on its arrival here about 10 o'clock, take the freight and mail in the evening by the Naugatuck, discharge her freight and take on a new lot, after which she will depart for New Haven and thence for New York.

**WAR MEDAL**

Comes as a Surprise to Col. C. B. Erickson of New Britain.

Col. Charles B. Erickson of New Britain is the recipient of a war medal which came to him as a surprise. It is a bronze medal issued by the state of New Jersey by authority of act of congress to her sons who fought in the civil war. Julius O. Deming, staff commander of Stanley Post, G. A. R., as agent looks up the records of the soldiers, began looking up Col. Erickson's record. He knew the colonel enlisted from New Jersey and wrote to the adjutant general's office for the war record, giving such facts as were in his possession. Mr. Deming was much surprised to find a letter saying that there was an unclaimed medal awaiting Col. Erickson from the state of New Jersey, which had never been sent to him because his address was not known. Mr. Deming communicated with the colonel, who was as much surprised as was Mr. Deming, and forwarded it.

The result was the receipt of the medal from Adjutant General Suddler Saturday.

**TIMELY INVENTION.**

U. K. Punderford Patents Valuable Light Dimmer for Autos.

John K. Punderford, general manager of the Connecticut company, recently received patent rights from Washington on an invention of his that not only controls the light of an automobile but also the speed of it. The great value of the contrivance is in the safety which it affords to people driving horses. The glare of the lights which has a blinding effect on one can be immediately dimmed and likewise in the case of a horse showing fear. In New York state there is a law compelling owners of automobiles to equip their machines so that powerful lights may be overcome. The contrivance in use in that state is not satisfactory, and Mr. Punderford's invention is thoroughly believed to exactly meet the requirements. Patents will probably be bought in Canada and Europe immediately.

**SALOON SIDE DOORS.**

Police Chiefs Endorse Bill to Make Them Open on Public Street.

House bill No. 241, known as "the side door bill," which requires that all entrances to saloons used by customers and the public shall open upon a public street, has been introduced and received the endorsement of police officers throughout the state. A strong effort is being made to have the bill adopted by both branches of the assembly. A circular which has been issued containing the endorsement of the various police chiefs, states that the bill does not require the reconstruction of saloon premises. It also says: "Experience proves that women, even the most abandoned, do not use front doors, but do use back or side doors. Close these to the public and you diminish saloon frequenting by women, especially young beginners."

**WHAT THE PAPERS SAY.**

**Sure Signs.**  
New cottages which are being erected along the Connecticut shore are pretty sure indications of prosperity inland—Ansonia Sentinel.  
And they are pretty sure indications that the opportunities of the general public for getting to the shore and enjoying its privileges are rapidly disappearing. Every year some old public avenue to the beach is stopped by private occupancy and more and more evident does it become that the plan suggested by Judge Doolittle of Branford must be adopted soon, if there is to be any public use of the shore. Bridgeport has such a shore front saved to the public by the fact that it is far between and growing fever continually. When it is too late the people of the state will wake up and ask why they have been shut out from the shore—Bridgeport Standard.

**An Undesirable.**  
The Baptist preachers of Chicago propose to retire from the ministry. Prof. George B. Foster of the University of Chicago, author of "The Fundamentals of Religion," an "undesirable Baptist." He is accused of "detracting the church and defying evolution." He holds, as one preacher put it, "that we are not fallen angels but developed animals." If a man who believes that can't be a Baptist, then the Baptists will probably lose at least a third of their clergy.—Waterbury American.

**Needs His Job.**  
The refusal of President Taft to remove Gen. J. S. Clark, a surveyor of the port of New York, does not probably mean much to the average reader. But General Clark was at one time the greatest line leader in the west, editor and owner of the Des Moines Register, chairman of the republican national committee and one of the most conspicuous figures in national politics. He lost his money and, now that he is getting along in years, needs his job.—Exchange.

**A Gritty Woman.**  
Miss Morgan, J. P.'s daughter, is a chip of the old block. Facing an unruly crowd at the opening of the navy yard restaurant in which she is integrated, she, by her grit and straightforwardness, made the crowd seem to cheer as neatly as Jerome himself could have done.—Waterbury American.

**POISON IVY "PODDER."**

That Accounted for Supposed Epidemic of Smallpox at College.

While the faculty of Wesleyan university, Middletown, was wondering Monday why they had a case of smallpox to contend with in the university, some of the afflicted who were confined to the freshmen class, came forward with an explanation. Thursday night Zeta Phi initiated a large delegation of freshmen, the ceremonies taking place by moonlight on the east bank of the river. The candidates, it seems, were tethered out to pasture on grass. Some poisoned ivy became lodged in the hair, and the hair, as it grew, itched and itched faces that illuminated the class room.

**HONORS FOR DANBURIAN.**

Carl J. Nordell Wins \$1,600 Art Scholarship.

Carl J. Nordell, son of Mr. and Mrs. C. A. Nordell of Danbury, sailed Tuesday from New York on the steamer Amsterdam of the Holland line, to spend two years in studying art in Paris, Italy and Spain, Holland, Germany and other European countries. Mr. Nordell has been a student in the School of the Museum of Fine Arts in Boston and besides securing minor honors has been awarded the Paige scholarship of \$1,600.

**Went on Moore's Trip.**  
Courtesy demands that President Taft be permitted to withdraw without prejudice his prediction about the early adjournment of congress.—Washington Post.

**Fined for Kissing Her Mother.**

The Moscow correspondent of the Novosti states that Mile. Treloff, the famous Russian actress, has just been fined ten rubles for kissing her mother on a tram car. It appears that both in Moscow and St. Petersburg it is unlawful to give kisses in public, a kiss in the street being penalized by a fine of seven rubles, ten rubles being the fine levied on those who practice osculations in railway trains or in tram cars. A recent enactment even renders persons who send declarations of love on post cards liable to a fine of five rubles.

**Way-side Confidences.**

"No, friend, I said no hole nor rag. I'm just walkin' around de world on a \$10,000 bet."  
"I'm glad ye told me dat, pal, fer I'm merely leadin' dis kind of a life to gather material for a book on tramps, an' I was about to set ye down fer a worst type of bum."

**\$100 Harvard \$100**  
The fathers of this paper will be pleased to learn that there is at least one dreaded disease that science has not only failed to cure, but is unable to communicate to its victims. That is Catarrh. Hall's Catarrh Cure is the only positive cure now known to medicine. Catarrh is a local disease, requires a local remedy. It is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution. The proprietors have done much to help the suffering by their efforts for any case that it fails to cure. Send for list of names.

**Take Hall's Family Pills for constipation.**

**Men Past Fifty in Danger.**  
Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dext. Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble, and several physicians pronounced it enlargement of the prostate and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint." Lee & Osgood Co.

**Trouble Makers Ousted.**  
When a sufferer from stomach trouble takes Dr. King's New Life Pills he is quickly cured. It is a powerful purgative, but more he is tickled over his new, fine appetite, strong nerves, healthy vigor, all because stomach liver and kidneys now work right. See at The Lee & Osgood Co.
